

Orientation Days www.elte.hu/en/orientation
The Orientation Days are organized for international students at ELTE at the beginning of each semester to introduce students to the university, staff, and organizations.

Mentor system (ESN ELTE) www.elte.hu/en/mentors
ESN ELTE is here so that students won't feel all alone: besides organizing social activities, the most direct help ESN ELTE provides is through the mentor system. ESN ELTE mentors are enthusiastic, open-minded and helpful Hungarian ELTE students. They help incoming international students with everyday problems and they guide them through their international experience.

Cultural and social programs (ESN ELTE) www.elte.hu/en/social
ESN ELTE as an active student community at ELTE helps the integration of the incoming students by organizing various social activities each semester.

Sport facilities www.elte.hu/en/sports
Students can select from over 30 kinds of sports and do sports for credit, or just simply join any of the sports activities organized at ELTE during the academic year.

University library network konyvtar.elte.hu/en
The extended university library network at ELTE assists students at each faculty in their studies and research.

Housing www.elte.hu/en/housing
Housing Office assists students with finding a place at an ELTE dormitory or an apartment on the private market via trustworthy real estate agent partners of ELTE.

Career counseling www.elte.hu/en/career_services
ELTE Student Services and Sports Centre helps ELTE students plan their career in a conscious way and help them prepare for their professional career after graduation.

Life management counseling www.elte.hu/en/counseling
During their time at the university, students may experience personal and emotional issues that impact on their academic work and university life. The counseling services at ELTE offer a free and confidential support to students to help them develop ways of overcoming difficulties.

Students with disabilities www.elte.hu/en/disabilities
Disability coordinators at each faculty assist students with disabilities so that they can participate fully in university life.

English and Hungarian language courses www.elte.hu/en/language_courses
Hungarian language and culture courses are offered from beginner to proficiency levels during the academic year. If students want to brush up their English before studies or to improve their language skills while studying at ELTE, they can sign up for the English language course at the Center for Advanced Language Learning.

Summer and winter programs at ELTE are good occasions to meet students and teachers on campus and get familiar with the city and Hungarian culture.

REGULARLY ORGANIZED PROGRAMS

Hungarian Summer University in the Carpathian Basin
Time: First week of July
2 ECTS credits

This one-week event at ELTE allows Hungarian students living in the Carpathian Basin outside Hungary to further educate themselves in four sessions (humanities, informatics, law, and science). A satellite event of the summer university is the *Forum for Hungarian Institutions* of the Hungarian diaspora in the Carpathian Basin, which is an executive meeting of the leaders of ELTE and partner institutions in the Carpathian Basin. The forum facilitates the development of bilateral research and educational relations in higher education and the increase of the number of double degrees in the Higher Education Region in the Carpathian Basin.

Summer University of Hungarian Language and Culture
Time: End July-August
5 ECTS credits

This four-week event brings together interested individuals from diverse geographical, cultural, and academic backgrounds for an intensive course on Hungarian language and culture and offers various cultural activities in Budapest.

Heidelberg University – ELTE Joint Summer University
Time: End August-beginning September
3 ECTS credits

This two-week program is offered to students from Heidelberg University and ELTE, each year discussing a main theme from multidisciplinary perspectives.

Faculty summer/winter programs
There are further summer and winter programs (e.g. Computer Science, Health Technology Assessment, Mathematics) organized regularly at the faculties of ELTE.

- FACTS AND FIGURES**
- 8 faculties
 - 38 bachelor's degree programs
 - 96 master's degree programs
 - 80 combined undergraduate-graduate teaching degree programs
 - 8 teacher training schools and kindergartens
 - 3 nationally renowned teacher training schools
 - 13,162 courses
 - more than 50 programs in foreign languages
 - 5 Nobel laureates
 - 73 academic lecturers (20% of all Hungarian academics)
 - 16 doctoral schools, 118 PhD programs
 - 5 colleges for top students
 - 28,400 students
 - 2,000 international students

- ACADEMIC CALENDAR**
- Semester 1 (Autumn)**
Registration period and Orientation Days: early September
Study period: early September – mid-December
Examination period: mid-December – end of January/early February
- Semester 2 (Spring)**
Registration period and Orientation Days: early February
Study period: early February – mid-May
Examination period: mid-May – early July

- INTERNATIONAL RELATIONS**
- 450 bilateral agreements for cooperation and exchange
 - 9 international university networks
 - 8 CEEPUS networks
 - 347 Erasmus+ partners
 - 795 Erasmus+ inter-institutional agreements
 - joint programs with international partners
