**Minors**

|                                |  |
|--------------------------------|--|
| <b>Language of instruction</b> | Spanish  |
| <b>Requirements</b>            | B1 level (Common European Framework of Reference for Languages – CEFR) |

**Minors are a trajectory made up of elective training activities under a central theme. Its purpose is for the student to acquire skills or tools from a field other than those that constitute the central core of undergraduate training, using subjects from other curricula.**

**To obtain a minor, the student must complete 24 credits from a group of minor-related courses.**

| <b>Minor</b>                               | <b>About this minor</b>  |
|--|--|
| <a href="#">Applied ethics</a>             | The minor in <i>Applied ethics</i> will allow you to deepen your capacity for analysis and reflection and propose solutions to conflictive situations that require guiding ethical criteria.                                 |
| <a href="#">Art, design and creativity</a> | The minor in <i>Art, design and creativity</i> will teach you to develop innovative, reflective professional practices, close to sensitivity, with a critical sense, and social responsibility.                              |
| <a href="#">Contemporary history</a>       | The minor in <i>Contemporary history</i> will teach you about the historical processes that shaped the contemporary era from political, economic, social, and artistic perspectives.   |
| <a href="#">Criminology</a>                | The minor in <i>Criminology</i> will allow you to enhance your professional profile through a combination of courses in criminology, public security, and related disciplines, such as law, psychology, and social sciences. |

## Student Exchange Program

|  |   |
|--|---|
| <a href="#">Culture and critical thinking</a>          | The minor in <i>Culture and critical thinking</i> will allow you to distinguish, interpret, and critique the social and cultural dynamics in relation to cultural phenomena of daily life, such as cinema, literature, media, and the digital world.  |
| <a href="#">Negotiation and labor conflict</a>         | The minor in <i>Negotiation and labor conflict</i> will provide you with an updated vision of the work world that is focused on negotiation and labor disputes, for advising workers, unions, government, and international organizations, companies and business chambers.                 |
| <a href="#">Physical activity and health promotion</a> | The minor in <i>Physical activity and health promotion</i> will provide you with tools and resources to generate lasting and autonomous habits of healthy lifestyle, practice of physical activity, recreation, and sports, which you can apply to your daily life or that of other people. |
| <a href="#">Data science</a>                           | The minor in <i>Data science</i> challenges students to transform data into relevant and valid information for decision-making and problem solving.   |
| <a href="#">Society and politics</a>                   | The minor in Society and politics will allow you to analyze and understand social and political phenomena that affect contemporary societies, such as development, environmental sustainability, political stability, democratic consolidation, violence, organized crime, and peace.       |

|   |  |
|---|--|
| <a href="#">Digital business</a>                    | The minor in <i>Digital business</i> will teach you to create, manage, and transform companies using digital technologies and data analysis, as well as applying innovative and disruptive business models.  |
| <a href="#">Entrepreneurship</a>                    | If you are interested in running a business or developing it in the future, the minor in Entrepreneurship will provide you with the foundational knowledge to design, develop, and manage of businesses, both traditional and dynamic or innovative.   |
| <a href="#">Healthcare policy and management</a>    | The minor in <i>Healthcare policy and management</i> will provide you with a global vision of the healthcare system and management tools for conducting health services with transformative leadership.  |
| <a href="#">Human behavior</a>                      | The minor in <i>Human behavior</i> will allow to better understand people's way of learning, thinking, feeling, acting, and empathizing with others. In addition, you will be able to delve into aspects that refer to spirituality and research in psychology.  |
| <a href="#">Latin American studies</a>              | The minor in <i>Latin American studies</i> will teach you to develop your world vision in the context of Latin America and the Caribbean and will train you to perform professionally in the region.   |
| <a href="#">Law</a>                                 | The minor in <i>Law</i> will allow you to learn the conceptual foundations of the discipline and delve into specific areas related to the professional career you wish to pursue.  |
| <a href="#">Management</a>                          | The minor in <i>Management</i> will provide you with tools so that you can independently, efficiently, and sustainably manage your activity as an independent professional, whether in an office, or your own company.   |
| <a href="#">Marketing and digital communication</a> | The minor in <i>Marketing and digital communication</i> will allow you to understand the commercial world from a new perspective that incorporates technology and data analytics, so that you can assume leadership roles with a strong customer orientation, solid knowledge of digital processes and business analytics. |
| <a href="#">Photography</a>                         | The minor in <i>Photography</i> will help you develop your creativity and mastery of visual creation, as well as generate your own repertoire of images to use in your professional practice, advertising strategy or personal development.  |
| <a href="#">Social intervention and innovation</a>  | The minor in <i>Social intervention and innovation</i> will provide you with tools to analyze the complexity of social reality, manage community participation mechanisms, form interdisciplinary work teams, and generate creative solutions to social problems.  |
| <a href="#">Society and religion</a>                | The minor in <i>Society and religion</i> will train you in the topic of religion as a fundamental variable to understand aspects of life in society and the behavior of people in the 21st century.  |
